Type:CAPSULAName:Pendent lightID:PC937Designed by:Lucie Koldová

Description

Capsula is a sophisticated light bearing resemblance to a plant cell or seed. The nucleus of the piece is a tubular triplex-glass LED light source that transects the inner shade and translucent external shell to form a notional axis.

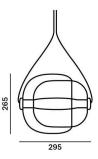

**Tech. description** Capsula comprises three glass components. The light source is housed in a glass tube and uses special Brokis connectors in metal end caps. The end caps hold the light together even once the cords have been removed. The light is hung from a ceiling canopy, which also contains the electronics.

Name	CAPSULA SINGLE	T		
Туре	pendent lamp	$\land$		
ID	PC937			
Description	Capsula is a sophisticated and exhilarating light bearing resemblance to a plant cell or seed. The nucleus of the piece is a tubular triplex-glass LED light source, developed by Brokis, that transects the inner shade and translucent external shell to form a notional axis. The layering and overlapping of these three distinct components give rise to dramatic 3D optical effects. The end caps fasten the components together and serve as anchor points for the creative dual suspension straps, which also conceal the power cable and allow for variation in the final positioning of the light. The Capsula collection is offered in sets as well as individual lights that can be combined per customer requirements. From 2018, Capsula is fitted with special integrated connectors developed by Brokis to facilitate installation and cleaning.			
Technical description	The craftsmanship applied in production follows in the centuries-old tradition precision crafting of hand-blown glass instills distinctive, enduring character. The glass shades are formed from multiple layers of molten glass, each of w prior to being blown into the mold. Up to 70% of the resulting quality is achie attention to detail is paid in handcrafting the wooden elements of the light. E artisan in a series of strictly observed production stages.	and outstanding quality in all Brokis products. which is scrutinized by the master glassmaker eved in this stage of production. No less
