## Description

A nod to classical Roman architecture, the new Dome collection of pendant and table lights follows the success of Dome Nomad, an earlier collection inspired by the great domes of Venice and evoking the eternity and expansiveness of the celestial vault. The elegant shade, comprising multiple layers of molten glass, each carefully inspected by the master glassmaker prior to blowing, comes in either smooth or wavy clear glass. The gentle illumination is cast forth from a modern LED source concealed beneath an opal diffuser. The table lights are a reference to Dome Nomad and represent an elegant interior element. The pendants, with the levity of their delicate arches, are ideal above dining tables, either in multi-light compositions, or as a solitary piece. Dome delivers a unique and charming design experience in both residential and commercial spaces.
