# **PRODUCT LIST**

Name	MEMORY WALL 400	0			
Туре	wall lamp	A.			
ID	PC879	1			
Description	The Memory collection awakens the imagination and beckons back to a carefree childhood. The wall and ceiling versions in different sizes, the wide range of color options, and a selection of finishes give this lighting experience a large degree of versatility. The illusion of inflated balloons is flawless right down to the dangling string, which serves to switch the light on and off. This is beauty in its simplest and most persuasive form. The Memory collection consists of ceiling and wall versions in three sizes. There are also sets that allow multiple lights to be combined on a single ceiling canopy. Unlike the other collections, Memory are not supplied with a light source.				
Technical description	The craftsmanship applied in production follows in the centuries-old tradition precision crafting of hand-blown glass instills distinctive, enduring character The glass shades are formed from multiple layers of molten glass, each of prior to being blown into the mold. Up to 70% of the resulting quality is ach glass used in the production of the lampshade represents one of the highes The sandwich combination of two transparent outer layers of crystal and an lend the glass outstanding optical properties, as do the carefully guarded h	r and outstanding quality in all Brokis products. which is scrutinized by the master glassmaker ieved in this stage of production. The triplex opal st quality materials used in the lighting industry.
