

Name Wall light

Type Mona S

ID PC969

**Description** The collection is a showcase of original design and refined combinations of materials, such as glass, metal, and wood. It features a tubular LED light source with a range of colour temperatures to choose from.

**Tech. description** The light comprises a glass shade, metal body, and tubular LED light source with triplex opal glass diffusor. The glass shade and LED light source assembly are secured with wooden endcaps. The electronics are housed in the body of the light.

## CONSTRUCTION SPECIFICATION

Weight [kg]	3 kg
Construction material	glass, metal, wood
Cord length [mm]	2,200 mm
Mounting	wall
Environment	indoor

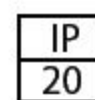

## Dimensions [mm]

## ELECTRICAL SPECIFICATION

Input voltage [V]	100-240 VAC
Frequency [Hz]	50-60 Hz
Max. power [W]	2.5 W
Coverage IP	20
Socket	-
Light source	non-user replaceable LED module
Energy class	A+

## Certifications

# DATASHEET

LIGHT SOURCE

BROKIS

## LED MONA S

Type	LED module
Lamp wattage [W]	2.5 W
Input voltage [V]	24 VDC
Energy class	A+
Flux [lm]	> 180 lm
Light colour [K]	2,700/4,000/5,000 K
CRI	80+
Lifespan [h]	20,000
Dimmable	yes (PWM)

## Accessories

**Name**  
integrated PWM rotary dimmer

**function**  
PWM dimming

## Wall part

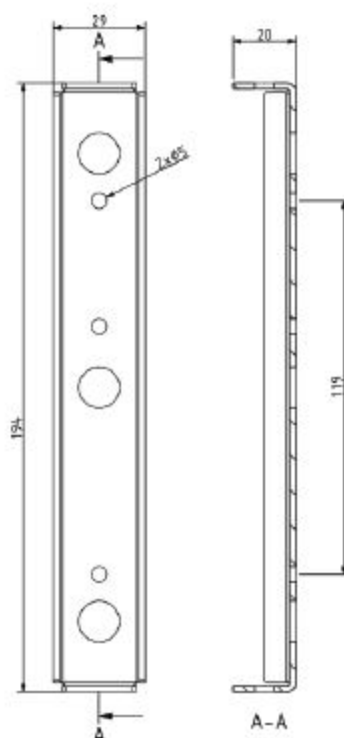

**Dimensions**  $\varnothing$  x w [mm] 29x194mm

**Weight [kg]** 0.7 kg

**Material** metal

## Drawing

# PRODUCT LIST

**Name** MONA SMALL WALL

**Type** wall lamp

**ID** PC969

**Description** The Mona collection is based on the concept of penetrating forms. The light source boldly traverses the ample volume of smooth handblown glass to reveal the thrilling tension inherent in the design. The collection's essence, however, lies in its unconventional construction and refined combination of materials. It also boasts dimmable tubular LED light sources, developed by Brokis, each with a different colour temperature. The Mona Small collection includes wall and tables lights of the smallest proportions compared with the other Mona collections.

**Technical description** Combined craftsmanship / hand-blown glass in combination with oak and metal body. The craftsmanship applied in production follows in the centuries-old tradition and experience of master glassmakers. The precision crafting of hand-blown glass instills distinctive, enduring character and outstanding quality in all Brokis products. The glass shades are formed from multiple layers of molten glass, each of which is scrutinized by the master glassmaker prior to being blown into the mold. Up to 70% of the resulting quality is achieved in this stage of production.
