

Description

The new Shadows Exterior collection is IP54 compliant for outdoor use: the hand-crafted wooden body of the interior lights has been replaced with a weather-resistant dural body. Special integrated connectors developed by Brokis make it easier to install, maintain, and clean the lights.

Tech. description

The light comprises a glass shade, dural body with Brokis connector housing a GZ10 socket, and a silicone power cord with Brokis connector. The entire assembly is IP54 compliant. The light is suspended from a ceiling canopy.

CONSTRUCTION SPECIFICATION

Weight:	1,5kg
Construction material:	glass, metal
Cord length [mm]:	2,000 mm
Mounting:	Ceiling
Environment:	Outdoor

DIMENSIONS [mm]

ELECTRICAL SPECIFICATION

Input voltage [V]:	230 V
Frequency [Hz]:	50-60 Hz
Max. power [W]:	10 W
Coverage IP:	54
Socket:	GZ10
Light source:	-
Energy class:	A+ to B depending on light source

CERTIFICATIONS

CM9963

Socket	GU10
Type	LED
Lamp wattage [W]	6,5 W
Input voltage [V]	220 - 240 VAC
Energy class	A+
Flux [lm]	336 lm
Light colour [K]	2700 K
CRI	90+
Lifespan [h]	25000h
Dimmable	yes
Dimensions h x w [mm]	55 x 50 mm

PRODUCT LIST

Name	SHADOWS EXTERIOR
Type	pendent lamp, outdoor lamp
ID	PC1161

Description Now the iconic Shadows collection by Lucie Koldova and Dan Yeffet is ready to illuminate exterior settings. Shadows is a take on the famed, timeless lights found in French ateliers, and its typology pays tribute to that legacy. The Shadows collection comprises pendant lights in four shapes with a wide spectrum of colours. The lights can be arranged in diverse compositions based on the needs of the customer or used as solitary exterior lighting elements. The combination of handblown glass and classic shapes has given rise to lighting of unaging elegance whose singular ambience is no longer restricted to the interior.

Technical description Identical in appearance to the original Shadows, the new collection complies with the IP54 rating for exterior use: the handmade wooden body used in the indoor lights has been replaced with a two-piece weatherproof dural body, its subtle form and finish accentuated by a recessed LED light source. Special integrated connectors developed by Brokis make it easy to install the lights in large sets as well as maintain and clean them. The precision craftsmanship of master glassblowers gives the lights a distinctive, unequalled character and quality. The shades are made from multiple layers of molten glass, each of which is given careful attention before being blown into the mould.

Glass Colour

transparent glass	A	CGC23
smoke grey - transparent glass	A	CGC516
smoke brown - transparent glass	A	CGC538
